7:00 PM Dinner & Program

Where: Banquet Masters
8100 Park Blvd.
Pinellas Park, FL 33781
727-541-1582

Chinese Drywall - How It Impacts Plumbers

Program: Drywall imported from China and used by contractors in Florida has been determined to cause a corrosive effect on copper wiring, plumbing fixtures, appliances, HVAC coils, electronics and personal property. The current remediation protocol is to relocate occupants, remove and replace the drywall, and to conduct post remediation review.

Carlton Fields law firm has been working closely with ENVIRON International, the company which made the connection between the corrosion and the Chinese drywall. They will give an update on current litigation and any potential liability to plumbing contractors.

Speaker: Mark A. Smith, Esq., Carlton Fields, P.A.

Additional Speaker: Representative Charlie Justice

Justice will give a short update on what's happening in Tallahassee.

PLEASE RESERVE BY MONDAY, July 13, 2009

CANCELLATIONS MUST BE RECEIVED **IN WRITING** NO LATER THAN **July 14, AT NOON.**
ALL RESERVATIONS NOT CANCELLED BY THE CANCELLATION DATE WILL BE BILLED.
